Parent Handbook

Eureka Little Guy Wrestling Club Welcomes You!

We're glad to have you as a member and hope you have a lot of fun.

If you have any questions, the coaches and parent volunteers will be happy to visit with you. We would love to have you as a parent volunteer. Any assistance is appreciated. Please ask how you can contribute.

This booklet was designed to help explain our program, especially to new members. Please file it away for future reference during our current wrestling season.

All are welcome; male and female, pre-school through grade 8, all kids are encouraged to join. Wrestling is a sport in which both genders can participate. The text of this manual may refer to boy, him, he, or his. It was written this way for simplicity. Its intended interpretation is for all genders.

FUNDING

The Eureka Little Guy wrestling will occasionally have fundraisers during the year. These fundraisers provide money to be used for singlets, awards, t-shirts, camps, etc. Unlike many youth sports clubs, it is NOT a requirement of Eureka Little Guy team members to participate in the fundraisers, but in order to continue the success of our club it is highly encouraged.

SCHOLARSHIPS

Scholarships are available for youth to participate with the Eureka Little Guy Wrestling Club. Registration fees, bus fees, accommodations on overnight trips, and equipment may be covered by a scholarship. The mission of the Scholarship Program is to help youth participate and reduce barriers to become involved in these organized activities for youth who would otherwise not be able to participate due to limited financial resources. Please direct all questions toward our coaches.

PRACTICES

Practices are usually held on Mondays, Tuesdays, Thursdays, and Fridays with Wednesdays as optional unless otherwise notified. Pre-school through Grade 4 wrestling practice is from 5:30 pm to 6:30 pm. Grade 5 through 8 wrestling practice is from 3:45 pm to 5:30 pm. Practices are held at the Eureka High School Wrestling Room. The wrestler should wear clothes with no zippers or buttons, etc. and clean socks or wrestling shoes (*example: sweatpants and a t-shirt*). The practice session begins with exercise and warm-ups, followed by instruction and drills.

TOURNAMENT COMPETITION

If your child decides he wants to wrestle in a tournament, he will be wrestling with an opponent matched by class level and weight (*or age and weight*). Wrestlers are matched with opponents within 5 pounds of their own weight. If the tournament pairs wrestlers by age, then the age group each wrestler competes in is determined by the year of their birth, not their grade in school.

TOURNAMENTS

Our Coaches and Wrestlers attend wrestling tournaments nearly every Saturday throughout the season. Wrestling clubs in the area sponsor these competitions. Tournament participation is strictly by personal choice. Usually after the Tuesday evening practice, an information sheet is handed out which explains what tournament our club coaches will be attending the following Saturday with registration time, location and directions, cost.

Our club tries to hosts a tournament each year. This is often a good time for an inexperienced wrestler to “try-out” tournament competition. It is also a money maker for our club and we appreciate everyone’s help.

TYPICAL TOURNAMENT TIMETABLE

1. Before each tournament, bathe and cut fingernails.
2. Remember to bring your wrestler's USA registration card (if required), wrestling singlet and shoes.
3. Most tournaments allow weigh-ins to be done at practice (typically, Thursday before the tourney). The main exception is at "state" tournaments. At tournaments requiring on-site weigh-ins, arrive at tournament, find appropriate registration table by grade level or by year of birth. Register and pay fee (usually around \$10). Go to the scales to be weighed. Your weight will be written on the wrestler's body and on the weight slip. A weigh-in official will also visually check your skin (for skin ailments) and check your fingernail length.
4. Be sure to eat before you wrestle. Concessions are usually offered at the wrestling site, but fast food or family restaurants are nearby or you can bring your meal and eat in the cafeteria. During this time, the pairing is done. Most tournaments are "scratch". If you have any questions on how the pairing is done, please ask a coach.
5. Wrestling brackets are usually posted with competition beginning shortly after. Find your wrestling chart by looking for your (1) age group or class group, (2) weight, and (3) your name on the chart. At scratch tournaments, the weights are listed as A, B, C, etc., with the smaller weights at the beginning of the alphabet.
6. Warm-up. Exercise with other Eureka Little Guy members and loosen up before wrestling by doing calisthenics and practice moves.
7. Listen to the announcer for your age group or class group to be called. *Example:* Eight and under weight group A, report to mat #2. A Eureka Little Guy Wrestling Coach will also report to mat #2.
8. There will be at least 10 minutes between matches (depending on tournament size, it can be an hour or longer break), plan your eating and drinking accordingly (lunch, snacks, etc.). Refreshments are for sale after wrestling begins. Many times you may bring your own food and drink. Some tournaments are round robin; which means you wrestle everybody in your grouping. Some tournaments are double elimination, which means the wrestler will keep wrestling until he has two losses. If he loses two matches, please do not go home until you have checked with pairing to be sure your son has been eliminated or has qualified for an award. Typical awards are medals, plaques or trophies.

WHY PARTICIPATE IN WRESTLING?

Few sports require total use of the body and wrestling develops this with all the following benefits:

1. Greater physiological development
2. Flexibility
3. Body awareness
4. Strength and leverage
5. Balance
6. Coordination and reaction time
7. Speed
8. Reduced body fat
- 9.

Wrestling in schools and clubs is a sport of individual participation functioning within the framework of team concepts. This aspect contributes to the development of life-long patterns of responsible behavior including respect for others regardless of social or racial origin. A young person involved in wrestling can be expected to display increasing self-confidence and appreciation of their self-worth, and develop analytical and adaptive skills.

Wrestling is **fun** and like other athletic pursuits, all the family can participate in various ways; from supporting the kids and their clubs to becoming a qualified referee.

WHAT IS WRESTLING?

There are a number of various styles of wrestling. What we do in organized High School wrestling in the USA is called American *Folkstyle* wrestling. The styles that are taught all around the world (and what is seen at the Olympics), are *Freestyle* and *Greco-Roman*. There are organized programs in the USA that are strictly these two types of wrestling from the youth level, right on up to the Olympic teams and beyond. We introduce our club to Freestyle and Greco-Roman in the month of April.

- ✓ Dangerous “TV moves” will not be tolerated.
- ✓ Always demonstrate good sportsmanship.
- ✓ Control temper.
- ✓ Respect the property and equipment used at any sports facility, both home and away.
- ✓ No talking bad about other wrestlers or their families on the team.
- ✓ No form of “hazing” or “initiation” of other wrestlers regardless of how insignificant it may seem.
- ✓ No obscene gestures or language.

- ✓ No pinching, scratching, biting, punching, poking, tripping, ball-grabbing, chinning in the back, or pushing off allowed.

CONSEQUENCES FOR WRESTLERS

1. Verbal warning and/or written warning.
2. Excused from practices for 2 weeks. Hand in Eureka Little Guy team singlet.
3. Removal from Eureka Little Guy Wrestling program.

GRIEVANCE PROCEDURE

It is possible that conditions arise when a member feels that a situation is unfair or unjust. This situation may be with a particular coach, team, or the wrestling program in general. You should attempt to resolve the issue informally by speaking with the coaches. It is recommended that this be done after you have considered the situation and your perspective for at least 24 hours. You can choose to do this face to face, by mail, or via Email. It will be the coaches' discretion as to whether or not to address anonymous grievances.

FOR THE PARENT – A WINNING ATTITUDE

Keep winning in perspective. Be fair at all times. Stand up for your wrestler when necessary. They expect this, but do it quietly and respectfully in private discussions with coaches or mat officials.

Winning is important. If we are not trying to win, then we are not really competing. But keep it in correct perspective. Winning and losing are a part of life and important lessons can be learned. If you want your child to win at all costs, you're in trouble. If you ever get to the point where you don't care about losing, you're also in trouble.

One lesson in life is to learn to live with both, and if we as parents can not control ourselves and be good sports, then how will we ever teach it to our children? The sport of wrestling is one of the best places to learn these valuable lessons.

FOR THE WRESTLER – WHAT IS WINNING?

In our wonderful competitive world of amateur wrestling, what is winning? It is important that all the competitors know the answer.

Is winning a gold medal real winning?

Yes, if a gold medal is won at the Olympic Games, that is winning. But that can not happen to everyone and winning any other kind of gold medal just means that, at that time, and in that place, you were the best there, which is nice, but not necessarily "winning". Is beating the other fellow really winning?

Maybe, maybe not. Perhaps he isn't as well trained as you, or as strong as you, or as good at wrestling as you – so this can not be winning.

Well, then, what is winning?

Real winning is clear to see. Winning is improving...learning...trying. Winning is the first time you are able to do a good butcher in competition. It is finishing the match strong and well. It is performing better than you have ever performed before.

Winning is working hard...listening and paying attention...applying what you hear from your coach. It is doing better every time, and striving with all your might.

Winning is never giving into a feeling of being tired...winning can happen to everybody.

"It is hard to fail, but it is worse never to have tried to succeed."
